

## Services for All

### Please note:

Emergency contraception is also available from community pharmacies. Routine contraception and STI testing can be carried out by GPs.

### Contraception and Sexual Health Clinics

- Contraception including emergency contraception and condoms
- Longer lasting contraception e.g. implants and coils
- Pregnancy testing, advice and referral for termination of pregnancy
- Testing and treatment for Sexually Transmitted Infections including HIV
- Safer sex advice, general advice and support for any sexually related problems or concerns

**Patients requiring sexual health services should call for an appointment - Telephone 01324 673554 between 08:30 am and 12:30 pm (Monday – Friday)**

- Everyone who calls will speak to a qualified sexual health nurse who will determine what service is best suited to them
- Patients requiring urgent care, will be seen within 2 working days
- Patients with non-urgent conditions may be asked to call back at an alternative time
- The Sorted on Sex service (for young people under 21) continues to operate a drop-in service.
