

OVERVIEW OF INCIDENT

Name of Child/Young Person:

Date:

Using the Traffic Light Tool as a guide, look for the **chronological age** of the child/young person. Along with your own judgement, do you think the behaviours is:

HEALTHY

CONCERNING

or

VERY CONCERNING

Using the Hackett Continuum, can you add anything to the type of behaviour or motive?

What are the concerns of the school?

What are the concerns of the parents/carers?

From the child/young person's own account, what do they feel they need support with to change their behaviour?

Can the child/young person/teacher/parent/carer identify any triggers that cause the behaviour?
Are there any patterns?

What prior learning in Relationships, Sexual Health & Parenthood Education and related subjects has the child/young person had to help them understand their behaviour?
